Beth,

I am so sorry for the delay. Please see below.

Beth is truly the cornerstone of our operation—highly responsive, exceptionally organized, and a consistent source of value in everything she does. Her communication is clear and timely, and she's always ready to support, whether it's behind the scenes or out in the field.

She is an indispensable resource, and we would truly be lost without her. We are incredibly fortunate to have Beth as part of our team, and we're deeply grateful for her continued dedication and excellence.

Respectfully,

**Daniel** Peterson
